FY 12 Court Automation Coordinating Committee Update

Michael P. Pollard, Chair

COMMISSION ON TECHNOLOGY

June 1, 2012

Major Accomplishments of FY12

- Continued tracking tasks and dependencies among projects
- Re-examined COT priorities, determined all projects rely on CMS functionality to some degree
- Continued development efforts on LJ CMS
  - Mesa continues leading LV enhancement charge (13 month deadline)
  - Prosecutor module became prosecutor integration
  - Conversion strategy solidified and shared with courts
- Implemented two releases of GJ AJACS statewide
- Monitored expansion of court digitization and e-filing efforts
  - e-Filing pilots in MJCC and Pima Superior
  - "Must Have's" identified
- Completed assessment tool and statewide ID efforts

Major Plans for FY13

- Complete development of Limited Jurisdiction Case Management System (AZTEC-replacement system), implement pilot court(s)

- Complete AJACS enhancements for large volume courts to enable Mesa to go live before mainframe unplugged

- Complete JOLTSaz/AGAVE/CAMMS integration in Pima

- Complete AJACS interfaces to support probation and e-filing

- Expand e-filing for more courts and case types as well as omprove integration w/ CMSs + EDMSs

- Complete AJACS table and data cleanup underway

- Address automation needs of judges in electronic environment

- Implementation of public access to documents

Major Items for COT Consideration

- Sufficient funding for Limited Jurisdiction CMS AZTEC-replacement gap closure items

- Sufficient funding for Limited Jurisdiction CMS large volume court gap closure items (Mesa Initiative)

- Sufficient funding for completing General Jurisdiction CMS enhancements

- Beginning of JOLTSaz rural data conversion and implementation multi-year effort

- End of Intresys initial contract original term and implications

CACC Project Spending Recommendations

1. Complete the LJ CMS Development-- $4.5M over life of the effort
   - AZTEC Replacement Items
   - Financial System Enhancements
   - Mesa's LV Court Enhancements
   - Added Analysts at AOC and AmCad

2. Complete the GJ CMS Enhancements -- included in LJ CMS development amount

- Set aside $$ for enhancements needed by all 3 sets of users annually
